Business Changes.
Elmer M. Young has been conducting business on Church street, in the building on the corner, in order to move his store to the Turner block on the same street, in the store that has been occupied by W. S. Martin. Mr. Martin will continue his business, but it will be in his studio on Church street, where he has made more room by utilizing the basement as a work room.

High School Schedule Not to Be Changed.
It has finally been decided not to change the schedule at the Windham high school, as was planned for this term. The pupils from the outlying districts are making an extra effort to get to school on time each morning, and since the new year they have been in the building and ready for the opening of school.

An appeal was sent to the trolley and railroad people to bring many of the pupils to school, and both companies are endeavoring to keep their trains and cars on schedule time and so the children have been arriving on time.

Under the present schedule school opens at 9:15 a. m. and closes at 1:40 p. m., which is but ten minutes longer than last term. The period set aside for lunch commences at 11:30 and concludes at 11:45. So long as the present prompt arrival of the different pupils continues no change in the school schedule will be made and classes at the school will not be disarranged to any material extent.

Enjoyable Masked Ball.
Council Ste. Cecile, St. Jean Baptiste d'Amerique, gave a private masquerade ball in their rooms in the old armory on Center street Tuesday. The affair was a most enjoyable one and was for ladies only. It is said that the costumes worn were decidedly novel and that the evening was most enjoyable among the members in attendance. Music was furnished by an orchestra composed of members and everything in connection with the event was in the hands of the fair sex. Delightful refreshments were served during the evening.

PETITION DENIED
For Removal of A. J. Bowen as Conservator of A. J. Rindge.

Tuesday morning attorneys were notified by Judge of Probate William H. Burnham of the denial of the petition for the removal of A. J. Bowen as conservator over A. J. Rindge.

The petitioner in the case asked that conservator be appointed. First Selectman John H. Pitts was in attendance at the hearing and opposed this, contending that there was no one to act as conservator. At the hearing Attorney Bowen represented Selectman Pitts. It was brought out that Mr. Rindge much better off with a conservator than he was before, because he now has the farm to cultivate practically as before, and the produce from the same is also supplemented with regular cash allowances.

The value of the estate is limited, and the problem seems to be to make the little there is go as far as possible, there being no available funds for litigation for the time being.

The judge held that there was not sufficient evidence to show that Andrew J. Rindge is restored to the necessary ability or capacity to assume the care of himself and manage his own affairs within the meaning of the statute.
